WILL PROSECUTE SINCLAIR**Hoof and Mouth Disease Spreads To S. F.****STRICT STEPS
ORDERED TO HALT
PLAGUE IN CITY****Rigid Quarantine Placed in Affected Area; Disease Found in Los Angeles.****ENTRANCES TO BE GUARDED****Guards Are Stationed Along Edge of Infected Counties To Prevent Spread.**

Discovery of the hoof and mouth disease in San Francisco and Los Angeles yesterday by the State Board of Agriculture resulted in the announcement last night by G. H. Hecke, state superintendent of agriculture, that he would make immediate application to Governor Richardson for a rigid quarantine in both these cities. The disease was discovered in abattoirs.

Hecke declared that he would either prepare quarantine for the governor's signature late last night or early this morning.

A quarantine was placed yesterday on the Miller & Lux abattoirs in South San Francisco by George Gordon, chief of the bureau of meat inspection, California Department of agriculture, following the discovery that animals from the Merced district, where the hoof and mouth disease is now raging, were being received by that establishment.

One animal showing indications of the disease has been found in a shipment now at the South San Francisco slaughter house, according to Dr. W. C. Herrold, federal veterinary inspector. All avenues of approach and exit will be closely guarded, and no animals will be permitted to leave the establishment. Herrold declared yesterday. Dressed meats, however, may be shipped after careful inspection.

Federal quarantine has been placed on Mariposa, Merced, Stanislaus and Madera counties. Guards have been stationed along the northern border of Fresno county to prevent the spread of the disease southward. In the infected areas quarantine notices have been posted prohibiting entrance to private premises except by official permit. Federal orders prohibit shipment of fresh meats from the region, except under federal inspection.

Slaughter of infected herds has not yet begun. According to Dr. Iversen, killing of animals will start with the arrival of trench-digging machines.

A delegation of stockmen from the Protective Association of Alameda county advocated prohibition of all vehicles not commercial from highways in the southern part of the county. The legality of such a ban will be determined by the board of supervisors before it is put into effect.

WINNERS IN CONTEST

Among the winners of the recent traffic contest which was conducted by the San Francisco Chronicle, were Mr. and Mrs. L. L. Galbraith, 548 Eleventh street. The contest was conducted by the Chronicle to find a better way of handling traffic problems. The local people were each rewarded with a fire cover.

**MERCHANTS
PLAN BIG DRIVE
FOR MEMBERS****Committee Presents Scheme Which Is Expected To Greatly Increase Roll.**

The Richmond Merchants' association held its regular semi-monthly meeting last night at St. Edmund's church, Tenth and Nevins.

Three new members were admitted to the association, Daniel J. Collins, proprietor of the Pacific Electric, Frank Kettelhut, proprietor of the Richmond Bakery and Baking company, and Charles H. Hunt, proprietor of the Hunt's grocery store on Barrett avenue, were the new candidates for membership.

Plans were discussed relative to a gigantic drive for members, it being the intention of the association to get every merchant in Richmond into the ranks, regardless of how big or small his particular business might be.

An interesting program was submitted by the membership committee whereby the dues would be so small that no progressive merchant could possibly have a good reason for not being an active member.

Arrangements are being made by Guy Wolf, secretary of the Richmond Chamber of Commerce to have S. B. Swan of the Whitmore & Swan Department store of Oakland address the 'Merchants' association at their next meeting, to be held Monday evening, April 7th.

**Santa Fe Official
Opposes New Depot
For This Place**

No headway was made at the meeting of the council last evening for the erection of a new depot on Richmond avenue by the Santa Fe railroad.

A communication was read from J. W. Walker, of Fresno, the division superintendent, in which he stated that the demand for a new depot at that point came as a surprise to him. He declared it was only the same as a street-car stop, and the present building was much better than was provided by street car companies. Walker's conclusion was that the business at that point did not justify the road in going to any expense, and he would have to deny the request.

After some discussion the communication was ordered filed, until the matter is taken up further with the Railroad Commission.

A. L. Herron, deputy state superintendent of schools, will address the teachers of this district Wednesday afternoon at a special meeting that will be held in the Lincoln auditorium at 3:45. Herron will have a message that will be of great interest to the teachers of this district, according to W. T. Helms, city superintendent of schools.

**COUNCIL OKEHS
SPECIAL VOTE
ON BATH HOUSE****Go On Record As In Favor Of Election In June On Bond Issue.****WEST SIDE PETITION GRANTED****Action Urged by Charles Patten Of Commercial Club; Argument Precedes Act.**

After much discussion the council last night went on record as being in favor of calling a special election in June for the purpose of voting on the question of issuing bonds for the construction of a public bath house on the West Side.

The action was taken in response to the urgent request of Charles M. Patten, who appeared at the meeting and stated that he represented the West Side Commercial club.

It was the general opinion of the members that the bath house election should not be mixed up with any other proposition, as it would be much easier to get the necessary two-thirds majority.

Garrard called attention to the fact that costs were higher than at the time the first estimate was presented, and the city building inspector and city engineer were instructed to prepare an estimate of cost of such a building as Richmond would require and report back to the council next Monday night.

**Many Expected
At Lectures By
Barker Today**

Many Richmond people are expected to attend the lectures which will be given here today by Charles Barker of Grand Rapids, Mich., who has been brought here under the auspices of the Richmond Rotary club. The first address to be given by Barker will be at the Richmond High school at 1:30 o'clock today, when the girls and boys of the school will be given a short talk.

Women of the city will be guests of the Rotary club at the talk which will be given by Barker at the Roosevelt Junior High school at 3:30 o'clock. This meeting is under the direction of Mrs. H. L. Carpenter and Mrs. H. A. Stiver of local Parent-Teacher associations. Men and boys will be addressed in the evening. The Rotary club committee which has charge of the affair is composed of Harry Marcus, chairman; W. T. Helms, Aubrey Wilson, Charles Renwick, H. A. Johnston, George N. Rooker, Art Muller, John F. Galvin and C. C. Kratzer.

**CASEY 'APPEAL
IS DENIED BY
JUDGE MCKENZIE****Charge Against Method of Picking Jury Draws Reply From Court.**

The appeal of John Casey of Richmond, filed in the Superior court at Martinez, as the result of a \$500 fine imposed by Judge C. A. Odell following Casey's conviction on a liquor charge, was denied when it came up before Judge A. B. McKenzie in the Superior court at Martinez yesterday. Casey had been given a sentence of \$500 fine or 500 days in jail, with a stay of execution granted pending appeal.

In making the appeal Attorney Roberson of Richmond, who represented Casey, attacked the method in which a jury had been chosen for the Casey trial, declaring that police officers had consulted a directory and chosen those they wished to serve as talismen.

"And furthermore, our honor," declared Roberson, "I have reason to believe that members of the Ku Klux Klan, of whom there are between 1000 and 1200 in Richmond, were chosen for the jury."

Asked by Judge McKenzie if there was any reason why a member of a secret organization might not serve as a jurymen, Roberson replied that the Ku Klux Klan were very much opposed to bootleggers and he did not think they could be impartial judges. This was resented by Judge McKenzie, who stated that he took issue with the statement that a Catholic, a member of the Ku Klux Klan or anyone else would be influenced by anything but facts while serving as a member of a jury.

"And, your honor," continued Roberson, "The former president of the W. C. T. U. was even called as a prospective member of the jury."

"Is there any reason why a former president of the W. C. T. U. should not serve on the jury?" asked Judge McKenzie.

Objections by Roberson to testimony which had been accepted in the Casey trial also were overruled by the court.

Roberson was taken to task by Judge McKenzie for making statements for which he admitted that he had no proof, though Roberson declared that he had obtained his information "from a friend who is a member of the Klan."

**2 FIREMEN ARE
HURT; THROWN
FROM BIG TRUCK****Ladders Improperly Put Into Position Following Drill Cause Accident.****NARROWLY AVERT FATALITY****Charles Morissette, Jr., Hoseman, Suffers Broken Arm; Bailey Hurt.**

Owing to the fact that ladders on the side of the fire truck had not been properly put into place following a practice drill yesterday morning, two firemen were thrown from the truck as it was returning to the station and both were injured. The crew was under the direction of Captain Lathrop, who had been giving special drill practice.

Those injured were: Charles Morissette, Jr., hoseman, broken arm and bruises.

Capt. E. D. Bailey, severe bruises. The accident occurred as the truck was rounding the corner at Eighth and Nevins avenue, when the ladders on the right side of the machine, which had been improperly put into place, according to Fire Chief Roy Lemoine, came loose, throwing the men to the pavement.

According to information given Chief Lemoine, attention was called to the fact that the ladders had not been returned to their proper positions and that they were not properly fastened on. Lemoine stated that Captain Lathrop ordered the men to change the ladders, but that one of them called out: "Oh, let it go until we get to the station; we can hold them on until then." It is claimed, however, that the men objected to proceeding with the ladders improperly locked, but that Lathrop said they could be kept in place until the fire house was reached, when they would be washed and then locked in place.

The truck being used is the 50-ladder truck, six-wheeled, with two steering wheels, one in front and one in the rear. It was being driven by E. H. Howard and William Willis. As the truck swound around the corner the men were thrown off and the ladder fell on top of them. Only quick work on the part of Willis, trailer driver, prevented the fire truck from running over Captain Bailey, who was thrown almost directly under the wheels.

**Lease City Land
For Ferry Slip**

The additional piece of land necessary for the proposed ferry slip for the automobile ferry between Richmond and San Francisco, that the City of Richmond has leased from the Santa Fe road, was last evening leased by the council to the Richmond-San Francisco Transportation for 25 years and the annual rental is \$50. This lease is dependent on the ferry project being carried to a successful completion. If it is not, this lease will fall with the first lease given by the city.

Los Angeles-Union Pacific's new \$2,000,000 shops will be completed by May 1.

**Reparations
Payments Total
Eight Billions**

PARIS, March 24.—Germany's reparation payments up to December 31, 1923, as officially announced today, amount to 8,411,000,000 gold marks. Of this sum 1,903,000,000 gold marks was in cash, the remainder being made up of deliveries in kind of ceded property. The unpaid costs of the armies of occupation and the commissions of control now amount to 2,612,000,000 gold marks, not including the American army costs of 1,071,000,000. The reparation commission figures show that Belgium received the equivalent of 1,445,000,000 gold marks net. France has received the equivalent of 1,800,000,000 gold marks.

**INJURIES FROM
ACCIDENT FATAL**

Christian Meyer, prominent local man, passed away Sunday morning at the Cottage hospital as the result of injuries received in an automobile accident Friday night. The news of his death comes as a great shock, as the injuries which he received in the wreck were thought at first not to be serious.

Meyer had been a resident of California since early boyhood, coming from New York, where he was born 64 years ago. He was a resident of Richmond for 20 years. Meyer was connected with the Pullman Water company here.

The deceased is survived by his widow, Mrs. Elizabeth Meyer and four daughters, Mrs. Arthur Irwin, 460 Dimm avenue; Mrs. Charles K. Parker, 2831 Florida avenue, and Matilda and Emma Meyer, who reside with their mother at 125 South Twenty-second street. Also the following brothers and sisters: Fred Meyer of this city, Mrs. Mary Glomire, Jersey City, N. Y.; Minnie Munch, Long Island, N. Y.; and Herman and William Meyer of Brooklyn.

In the accident in which Meyer received injuries from which he died, were his daughter, Mrs. Irwin and his widow, both of whom received serious injuries and are at present in the Cottage hospital, where they will be at least two weeks recovering.

Funeral services are to be held this afternoon from the Wilson and Kratzer parlors, with Dr. T. A. Boyer officiating. Cremation, which will be private, will be at the Sunset View crematory.

Tonight an inquest will be held by Coroner C. F. Donnelly.

**Baseball League
Meeting Friday**

At a meeting which will be held in the gymnasium of the Roosevelt Junior high on Friday night, plans for the formation of an industrial baseball league will be discussed. Some work has already been done towards forming a league and several teams have already signed for play in the proposed conference. The committee in charge of the proposed league has secured the use of the high school grounds for the games, which will be held Friday afternoons, starting about the first of May.

**OIL MAN CITED
FOR CONTEMPT
BY 72-1 VOTE****Resolution Adopted Asking Government Officials To Take Action.****EXTREME PENALTY IS URGED****Walsh Declares Witness Defied Investigation Committee in Probe.**

WASHINGTON, March 24.—The law officers of the government were asked today by the Senate to bring contempt proceedings against Harry F. Sinclair, whose lease of Teapot Dome started the rolling snowball of the oil inquiry.

By a vote of 72 to 1 the Senate adopted a resolution by its oil committee certifying Sinclair to the District attorney on a contempt charge because of his refusal to testify further in the committee hearings.

When the Senate began voting on Senator Walsh's resolution, Senators answered aye without regard to party until Senator Elkins, Republican, of West Virginia, was called. He voted no.

In urging his motion, Senator Walsh declared the witness "is taking all of the chances for the extreme penalty of the law, and if he is found in error I shall hope to see him treated with the utmost rigor of the law."

"I trust," Mr. Walsh added, "he will be given the limit of penalty the law provides for each separate point involved in his case."

"This witness thus has defied this body and has scouted its authority; then has rushed into the newspapers to tell the story he declined to tell upon the stand."

Senator Walsh had reference to a long statement made public Saturday by Sinclair after Sinclair had refused to answer questions propounded by the committee. Senator Walsh said that the statement had not been filed with the committee.

Immediately after the committee report making the citation, Senator Walsh, committee prosecutor, recommended that the case be certified to the District of Columbia courts for grand jury proceedings.

**Slogans In Local
Exchange Contest
Begin To Roll In**

Slogans are already beginning to pour in at the Builders' Exchange in the contest being staged for a slogan for the local organization, according to L. C. Dexter, secretary of the exchange. A prize of \$25 is being offered for the best slogan of not more than six words. The contest ends at 4 o'clock Friday afternoon, April 4, and all entries must be sent in sealed envelopes. Only one slogan per person is allowed.

According to present indications the members of the exchange will have a very large number of slogans to choose from, and considerable interest is being manifested in the contest, not only in Richmond but in other sections of the county as well.

Gibson In "Hook And Ladder" Makes Hit At Macdonald

That the dust of the cattle country is evidently good training for a fire department job is evidenced by Hoot Gibson's ability to "eat smoke" in his latest Universal feature, "Hook and Ladder," which opened last night at the Macdonald theater.

Gibson portrays the role of a cowboy who takes a shipment of cattle to the city, and after a squabble at the stockyards over the matter of pay for himself and other cowboys who accompanied the cattle, he decides, owing to a series of unforeseen occurrences, to remain in the city. He joins the fire department and right off the reel he signs himself up for a lot of grief, and delights, because of a pretty face.

It is essentially a comedy drama, but offers some thrilling fire scenes and a spectacular short of a night run by a city fire department, thrilling in every detail, yet never overdone.

Gibson is capable in the featured role and he is adequately supported by an excellent cast. Mildred June, a pretty little brunette, of Sennett comedy fame, plays the romantic lead opposite the star and is not only pretty, but a good little actress. Edwards Davis, noted "preacher-actor" and vaudeville headliner, has a good role as a boss politician. Philo McCullough gives his usual creditable performance as sleek villain, and Frank Beal is effective as the fire chief.

The star is introduced as a sleepy, lazy cowpuncher of an indifferent nature and this disposition affords a mood for clever comedy in the early training days of the recruit fireman. Things happen so fast in his direc-

Withholds Decision On Two Complaints

Decision was withheld in two cases which came before Referee W. W. Britton of the Industrial Accident commission at the City hall yesterday morning. Both cases were continued until more evidence can be submitted.

De. de Coupten, laborer, vs. R. Watson contractor, alleged that he suffered a sprained right shoulder in a fall while in Watson's employ, and that because of the accident he was unable to work for a month. Watson was not present and the cause was continued.

J. Barsanti told the referee that he suffered an illness in November which, he claimed, was the result of lead poisoning contracted a year ago while in the employ of the Certainiteed Products company. Additional evidence was asked by the commissioner.

tion that he scarcely is aware of anything—but the fire chief's daughter.

Edward Sedgwick, director of Gibson's biggest successes, directed the picture from an original story by himself and Raymond L. Schrock.

Death Claims For Suicides in 1923 Total \$150,000

Death claims to the amount of \$150,000 for suicides were paid during the year 1923 by the Metropolitan Life Insurance company. This exceeds by about \$150,000 the payments made by the company for deaths caused by automobile accidents last year.

"The prevention of self-destruction," according to the latest number of the insurance company's Statistical Bulletin, "is one of the major problems in the conservation of human life. As yet, only a few successful efforts have been made in a small way to prevent suicides on a nation-wide basis, uniting the forces of psychiatry, general medicine and practical religion, is shown by the achievements of small groups of workers here and there in the United States."

The suicide rate for the working classes, as shown by the records of the industrial policyholders of the company has fallen considerably since 1914, and the betterment of the economic condition of the industrial workers is considered by the company's statisticians to have been a large factor in the reduction of suicide mortality.

New Air Record Expected By Pilot

SAN ANTONIO, Texas, March 24.—A new American record and a new world's record for free balloon flights are anticipated by members of the San Antonio Aeronautic association and by entrants in the national balloon race which is scheduled to start from Kelly field on the afternoon of April 23. The American record of approximately 1400 miles was made in 1901 by Post and Hawley, who landed in the wilds of Canada north of Quebec. The world's record is 1895 miles, and was made in Europe.

By making San Antonio the starting point, officials believe they have made it possible for new records to be established. It is pointed out that the drifts of air currents in previous races has almost invariably carried the balloons toward the mouth of the St. Lawrence river. From Kansas City and St. Louis, both of which have been starting points, the distance has about 1100 miles, and this has been the normal course of the flight. From San Antonio the drift of the air currents also is toward the mouth of the St. Lawrence. Thus balloons rising here will have a possible flight of approximately 2400 miles.

The race, besides deciding the free balloon supremacy of the United States, also will serve for choosing the three contestants to represent this country in the international balloon race.

Ten balloons are expected to be entered, three of them being United States army entries. A cash prize of \$1000 will be paid to the winner. The second prize is \$500; third, \$600, and fourth, \$300. A bonus of \$100 will be given to the pilot of each balloon starting in the race; a bonus of \$125 will be given to the pilot who breaks the American record, and an additional bonus of \$125 to the pilot who breaks the world's record.

Darken Gray Hair, Look Young, Pretty

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking on small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

MAKING IT HARD FOR BANK CROOKS

How the Nation's Bankers Are Banded Together in War on Crime—The Great Crook Trap and the Way It Works.

By JOHN OAKWOOD

The slick gentry who have been wont to walk into banks and mesmerize paying tellers into giving them good cash for worthless checks have recently become aware of the fact that their operations are daily growing more difficult. Crooks who have operated with apparent immunity for years have suddenly found themselves caught in the meshes of what amounts to a nation wide crook trap.

To show how effectively this is now working, one of the biggest figures among the worthless check operators, a man who claims to have defrauded dozens of banks and realized more than \$300,000 from his operations, recently fell into the toils of the trap. Realizing that he was hopelessly caught, he made a complete confession.

This trap is conducted by the Protective Department of the American Bankers Association, which includes in its membership more than 22,000 banks that are thus leagued in a perpetual warfare against the army of bank crooks scattered throughout the nation.

A Dramatic Arrest

A dramatic illustration of the workings of the association's detective department was recently staged in Buffalo, N. Y., resulting in the sudden downfall of a pair of check swindlers and terminating a year's successful operations in some fifteen cities in various sections of the country.

The pair began their operations in Buffalo in the middle of January, one of them appearing at the special account window of a bank there.

He presented a counter check on the bank for \$75.00, together with a deposit slip filled in for \$20.00. He also presented a check deposit slip for \$5.00, together with a \$3.00 in currency.

He told the teller that he wanted to deposit the two items, that is, \$3.00 in cash and \$20.00 of the check, to the credit of his wife, explaining that he had forgotten to bring her book but would return with it later. His cash and the check were accepted, totaling \$78.00. From this sum his wife's supposed account was credited with \$23.00, the total of the two deposit slips, and he was given \$55 cash in change.

After the man left the bank the teller became suspicious due to his unclogged failure to return as he had promised with his wife's deposit book. On investigation the check he had just cashed was found to be worthless. The bank communicated with the local detective office of the association, giving a complete description of the man.

The Alarm is Given

Later that same day the detective office received another report from a second bank that it had been similarly defrauded by a man answering the description given by the first bank. Steps were at once taken to get a trap for him should he attempt further operations. All surrounding banks were warned that he was in the vicinity and a complete description was given them of his appearance and of his mode of operating. They were advised to have their tellers and guards on the lookout and to communicate at once by telephone with the detective office in case anyone appeared in their line who seemed to answer the description of the man.

structed to take steps to detain him in the bank.

Early the next afternoon the telephone rang in the detective office and a message came from a third bank that they thought the man was in its lobby. Three detectives rushed to the bank in an automobile which had been held continuously in waiting.

Two of the detectives covered the entrances of the bank and the third went into the lobby. He at once noticed a short, well dressed man standing at one side and watching the line of people at the teller's windows. In the line he noticed a large man, answering the description of the bad check operator he was seeking.

The detective approached the man who at once averted trouble and tore up the papers he had in his hand, hiding the pieces in his pocket. At signs of his putting up a fight, the detective grappled with him and called to his two associates at the doors to arrest the other man whom he had noticed as he entered. After a short struggle the two men were overpowered. When the larger of the two was searched a torn check was found in his pocket, made out in the same writing as the two that had been successfully passed the day before. A number of similar checks all prepared for use, were also found on his confederate. When confronted by the tellers of the banks who had been victimized the day before, the leader was readily identified. The two prisoners were hopelessly ensnared, admitted their guilt and in their hotel rooms were found a large number of checks, deposit slips and pass books of banks in various cities.

The Trap Sprung Again

Similar quick action of the bank crook trap in Boston terminated the career of another check forger who had been operating successfully in the New England states. The bank which he had victimized notified the American Bankers Association with the result that all other banks in the territory were warned against him and were put on guard. Therefore, when he walked into a Boston bank to continue his operations he walked into a trap as he was immediately recognized and nabbed by the officers there.

These are only two instances of many that have recently taken place in various parts of the country. Some of these arrests have brought into the toils of the authorities some of the slickest operators in this line in the country and from them have been learned the details of the way bank crooks operate, placing in the hands of the detective department the means to put banks on guard against further depredations.

Grant Permit For Service Station

At the meeting of the council last evening a permit for the installation of a gasoline service station at the southwest corner of Barrett and San Pablo avenues was granted to Carl A. Carling of El Cerrito.

Plans for the proposed station were submitted and the statement was made that it would be very attractive. The estimated cost is \$3000.

On the recommendation of the city planning commission the permit was granted.

Los Angeles—New 6-story drug building will cost \$17,2600.

Delay Decision On Street Improvement

Until the Railroad commission makes a decision on the request of the City of Richmond for a system of larger water mains in this city, the council will not take any action toward improving of Macdonald avenue, and stated that while the owners of avenue.

This was the action taken at the meeting last evening when the matter of the proposed improvement came up for discussion. The members of the council taking the position that it would not be justified in having the property owners bear the expense of the work, and immediately after it was completed have it dug up by the water company in laying larger mains.

The requests of some of the property owners along the avenue, that the city bear part of the expense of the work, such as the additional cost in putting down an extra heavy pavement to make the thoroughfare a traffic street was denied.

for the Associated Oil company at and state that while the owners of property would like to be aided in the matter, still if the council did not think there was money available for such a purpose, that he was willing to see the work proceed and would not protest.

Three Slightly Injured in Wreck

Falling to make the turn on the highway near Pinole yesterday afternoon a sedan driven by Charles Fontes of Oakland turned over, slightly injuring the three occupants, who were later brought to the Cottage hospital here for treatment. The injured people were Mrs. N. E. Metzger, 202 East Twentieth street, and Miss Grace Metzger of Mills College and Fontes.

The accident occurred at the intersection of the Giant highway and the main road. According to the victims of the wreck, the driver was attempting to make the turn from the main highway to the Giant road not knowing the curve, and the car skidded and turned over.

The car bore the license number 894-418 and was registered under the name of Bert Rose, Newark, Calif. All of the injured people were taken to their homes after receiving treatment.
